Sunday, November 6, 1938 the Pastor of the First Methodist church will preach at 11 A. M., from the subject, "Praying For Peace" and at 7:30 P. M. from the subject, "Communion of Saints." The Sacrament of the Lord's Supper will follow the 11 A. M. sermon. Church school will meet at 10 A. M. The League will meet at 5 P. M. Our conference year closes Tuesday, November 8 and our delegation will leave Wednesday, Nov. 9, to attend the Mississippi Annual Conference in Natchez, November 9-13. At this Conference the preachers will all be assigned to their new fields of labor for another year. Many will have the privilege of serving their same charges for another year. Mrs. L. J. Power of Gulfport will accompany our delegation to Natchez. Our delegates are Mrs. C. C. McDonald, Mrs. Andrew J. Boyles and Rev. Andrew J. Boyles, pastor.

There will not be any preaching service in Bay St. Louis church, Sunday, November 13, as the Pastor will be at the conference in session in Natchez. J. A. Bozeman will conduct the services Wednesday, November 9, at 7:30 P. M. May we all cooperate with the officials of our church that our reports to the Annual Conference may be the best possible. That we may be privileged to work together next year. —Andrew J. Boyles, Pastor.

Mrs. Marie Louise Lecourt of Clermont Harbor Buried in N. O.

Mrs. Lecourt, wife of the late Joseph Manuel, resided for many years in Clermont Harbor with her son-in-law Ed. P. Orte, Sr., and later with her grandson Edward P. Orte, Jr. Mrs. Manuel was very well known by many of the Waveland and Clermont Harbor residents which was proven by the beautiful floral offerings received from this section.

Mrs. Manuel is survived by Mrs. Paul H. Tessier, of New Orleans, Edward P. Orte and Allen M. Orte of Clermont Harbor, and Mr. and Mrs. Paul H. Maloney of New Orleans; Mrs. Frank Morris and Norville Wilson of Atlanta, Ga., and Mrs. Wallace Quinn, of Philadelphia, Pa.; Miss Lucille Lecourt, Mrs. Anna Manning, and Mrs. John Stewart.

The funeral took place from the Bultman Undertaking Parlor, in New Orleans, Wednesday, morning, Rev. Father H. Hardy, officiating.

Funeral services at the funeral were given by Messrs. Charles and George Tessler, Edward P. Orte, Paul H. Maloney, Sr., Paul H. Maloney, Jr., and John Stewart.

Ralph E. Brash Elected President Gulfport Kiwanis

Ralph E. Brash, president of the Gulfport Printing Company, was elected president of the Gulfport Kiwanis at the annual election of officers this week. Other officers elected were Robert R. Buntin, attorney, first vice president; and Lawrence James, merchant, second vice president. The directors are Mayor J. W. Milner, L. A. Koenen, Vincent McCarthy, L. J. Hersinger, and Ed Sletten. These men will assume office the first week in January and will elect the secretary. Mr. Brash will succeed George Wilkinson as president.

Gives Clock For Each Room of Local Kings' Daughters Hospital.

Many human acts are committed which are never commented upon. Here is one that deserves prominence.

A certain lady resident of Bay St. Louis having been confined to a hospital while ill was sadly disappointed by not having a clock in the hospital room. Time lags enough when one is ailed, but she says it is of pleasure to see the time.

This party has donated a clock for each room in the local Kings' Daughters Hospital for the use and comfort of others.

This is truly a humanitarian act and useful gift and is worthy of much appreciation. Being modest the donor does not wish her name mentioned.

A gain of fifty-three seats in House by the Republicans in November is forecast in a survey.

MISS BESSIE GIVENS ELECTED STATE PRESIDENT QUILL & SCROLL

Announcements Made In Quill and Scroll Magazine

Miss Bessie Givens, Sponsor of the Student Prints was elected Mississippi State President of the International Quill and Scroll for 1938-39 as the outcome of the annual poll of the Quill and Scroll and announced in the Quill and Scroll magazine.

Bay High School was granted a chapter of Quill and Scroll in 1934 and in 1935-36 Miss Givens was elected state President.

In 1935 there were eight chapters of Quill and Scroll in Mississippi, Meridian, Yazoo City, Gulfport, Greenwood, West Point, St. Mary of The Pines, Natchez, Bay High, Tunica, St. Stanislaus College. Many

other schools in Mississippi have recently received their charter.

Last year Sister Mary Ramonis of St. Mary, Chatawa, was State State President.

Quill and Scroll, the International Honorary Society for High School Journalists numbers over one thousand chapters. These are located in every state of the Union, in Hawaii, England, China, British Honduras and Alaska.

Fifteen thousand young journalists from schools which are outstanding in the quality of their publication work, wear the badge of the society. Organized April 10, 1926, by a group of high school advisers for the purpose of encouraging and rewarding individual achievement in journalism and allied fields, the society has taken an active part in raising standards in this field, and in directing the course of high school journalism.

Miss Givens who came to Bay St. Louis in 1929 received her Bachelor of Arts from Millsaps College and in 1932 she received her Masters of Arts from Vanderbilt University.

Miss Givens has organized and sponsored the Student Prints Debating Society and Dramatic Society at Bay High and has sponsored the senior class ever since she has been a member of the faculty.

Meeting of Saint Margaret's Daughters Held Wednesday P. M.

St. Margaret's Daughters on Wednesday afternoon held their regular monthly meeting with ten ladies present. Mrs. G. Y. Blaize, president, in the chair.

After the regular opening and reading of minutes and treasurer's report, a motion was made to reduce the rate of \$1.85 per year to \$1.35 per year, which was duly seconded and adopted.

Plans for final arrangements were made for the Card Party to be held Friday afternoon at 2:30 at the St. Joseph's Auditorium. There will be a prize for every table and also an entrance prize. For those who do not play cards, a new and simple game which is very amusing will be played and there are a good many prizes for this table.

Besides the regular charity work among the sick, aged and needy, St. Margaret's assisting the lunch room, feeding children daily and doing a great work in this field. Any lady will be welcomed into the circle and this is an opportunity to do splendid charity. Also it is hoped the reduced rates will increase our membership, as these can be paid yearly, monthly or semi-annually.

Meeting of St. Stanislaus Mothers' Club, Nov. 2

A meeting of the Mothers' Club of St. Stanislaus College, was held Wednesday afternoon at 2 o'clock, presided over by Mrs. E. C. Carriere, president. Arrangements for the forthcoming Harvest Ball, to take place on November 30th, were completed.

Other routine business matters were discussed.

PROFESSOR McCLOSKEY SPEAKER

At Rotary Club Meeting On Wednesday — Attendance Nearly 100 Per Cent.

The Rotary Club met on Wednesday at noon for its weekly luncheon with an attendance of nearly 100 per cent. Guests for the day were Messrs. H. Castle, Poplarville, Clyde Lundy, Pass Christian and Dr. L. speaker was Prof. John McCloskey, past and present weeks have been "corner druggist." Prof. McCloskey is of the College of Pharmacy of Loyola University.

Edward Jones, local attorney, made a brief talk on natural gas which Rotary has worked so hard to bring to Bay St. Louis.

President de Montluzin introduced the speaker, Prof. McCloskey, to the club. Prof. McCloskey opened his address by stating that the pharmacist was at all times interested in anything connected with public health and welfare, and that as the past and present weeks have been set aside to commemorate some of the outstanding workers in the profession, he would speak specially of the pharmacist as you and I know him; the quiet fellow who calls the "corner druggist." Prof. McCloskey stated he realized the magnitude of the drug industry from the sale of prescriptions, patent medicines, toilet goods, etc., and the taxes naturally derived from such an industry, which must demand the approval of the community. He also stated the pharmacist had been the victim in the past few years of much unfair criticism by handling other products in his business besides drugs, but this could be explained by the fact that industry in all its phases has gone into specialization and certain work has been taken over which has left the pharmacist a great deal of time on his hands reduced his income to a large extent. With the loss of much professional work and the department stores having departments where patent and pain relieving medicines and toilet articles can be purchased, the pharmacist, to remain, had to have something else to build up lost sales. The druggist is also a victim of circumstances occurring during prohibition, the Government forcing it to sell whiskey, to which the majority of pharmacists objected. The spice trade went to the groceries. Nevertheless the drug store is about the first place we look for when sickness and trouble occur, and the pharmacist is expected to have on hand at a moment's notice anything for the alleviation of sickness and pain, which is a big order.

Very few of us know much of the pharmacist. He is supposed to be a regular Dr. Jekyll or Mr. Hyde. He gained his profession at great expense, patience and long, hard years of study, and has to do a great deal of work before he can gain the confidence and respect of the public. We have to trust him implicitly with prescriptions and the handling of potent poisons and medicines. He is also expected to keep abreast with every other science, and for this reason should be classed as a scientist, and his place of work, his laboratory where he is daily carrying on experiments for the good of mankind.

Prof. McCloskey also stated that while all other professions today are overcrowded, there is a shortage of good pharmacists, which are at all times good-paying positions.

Professor McCloskey also stated that under President Hoover, in 1929, when a study of the public health situation was made, a distressing need, a period of lasting five years was made affecting the great masses of the middleclass people. Three propositions were offered for the help of this situation, the application of all three never wholly solving the problem, and the people today still being faced with questions as to whether time will work this out.

Professor McCloskey's talk was greatly enjoyed by the Rotarians and he was thanked by President de Montluzin.

All Saints' Day Sacredly Observed in Bay St. Louis

All Saints' Day was fittingly observed in Bay St. Louis Tuesday, November 1, with proper services, decoration of the resting places of the departed and blessing of the graves in the cemeteries.

The cemeteries having been cleared and touched up preparatory to the day made an outstanding appearance. Beautiful flowers were placed on the graves. Many visited and paid tribute to the memory of their departed loved ones.

A custom that has been carried over for years has again been observed.

ANNOUNCEMENT OF NATIONAL 4-H CLUB BROADCAST, NOV. 5.

4-H Schedule For Week Given Out by Miss Peters, Home Demonstration Agent.

Miss Peters is proud to announce a very important 4-H club achievement program that is to be broadcast this Saturday, November 5th, 1938 and also the 4-H Club meetings scheduled for the second week in November.

Saturday, Nov. 5, 1938 the National 4-H achievement program will be broadcast from WJDX, Jackson, WDSU, New Orleans; WSB, Atlanta; WSGN, Birmingham; WMC, Memphis, and other national stations from 11:30 to 12:30.

The first and last fifteen minutes will be given from the National office, including music and special activities from all of the United States. For the thirty minutes to be given by each state, some of the special activities in recreational work are to be brought out. There will be a discussion with boys and girls participating; bringing out interesting features of rallies, camps, home talent programs, and monthly club meetings. The following counties will have part on the program:

Marion—Solo. Hinds—4-H club orchestra, Mr. R. M. Calloway, leader; Hubert Hanna, Mary Katherine Hanna, K. B. Keary, and Drew Rutherford.

Jones—Solo. Irish Eyes, Burdelle Tayer.

Madison—Chorus: "Mississippi That Grand Old State of Mine," "Southern Memories."

Jeff Davis—Accordian solo—Mary Katherine Parker.

Miss Peters thinks it will be well worth your while to listen to this program and get some insight as to exactly what the 4-H program is and what it can be and also what she expects it will be in Hancock county.

4-H Club Schedule is as follows: Kiln 9:30 A. M. Tuesday; Catahoula 10:45 A. M.; Leetown 1:00 A. M. Tuesday.

Friday—Dedeaux, 9:15 A. M. and Sellers 10:45 A. M.

Saturday November 5, 1938 the National 4-H Achievement Program will be broadcast from W. J. D. X. Jackson.

Bay Rotary Club Adopts Resolution.

At a regular meeting of the Bay St. Louis Rotary Club the following resolution was unanimously adopted:

Whereas the Bay St. Louis Rotary Club has for several years sponsored a movement to bring natural gas to the City of Bay St. Louis, and Whereas the efforts of the club in this movement have produced gratifying results in that a survey has been made, a gas contract entered into, and

Whereas it is now necessary for an election to be held in the City of Bay St. Louis for the qualified electors to authorize the issuance of revenue bonds in an amount not exceeding the amount of \$200,000.00 to finance the construction of a gas line to the City of Bay St. Louis and a distribution system in the City of Bay St. Louis, and

Whereas said bonds are not full faith and credit bonds and no taxes can ever be levied for the payment of same,

Therefore it is resolved and ordered that the Bay St. Louis Rotary Club now place itself on record as approving the issuance of said Revenue Bonds of the City of Bay St. Louis, and earnestly requests the qualified electors to go to the polls on November 12th, 1938 and vote for said Bond Issue.

RENE DE MONTLUZIN, President
GEO. F. STEVENSON, Secretary.

Hancock County Teachers Hold Monthly Meeting

Mr. C. E. Craft, president of the Hancock County Teachers Association presided at the meeting of the association held last week.

Mr. McCormick, superintendent of Kiln School spoke for several minutes, insisting that the teachers all become members of the county and state association.

The following committees were appointed by the president. Program Committee: N. E. Taconi, chairman; Miss Aileen Davis and Miss Delta Lizana, members.

Legislation Committee: Mr. DuBuisson, chairman; Mr. Anderson and Mr. R. L. Ladner, members.

Kiln was selected as the next meeting place.

COMMITTEE APPROVES PROGRAM

For Spring Pageant To Be Sponsored by Mississippi Coast Garden Clubs, March 17th.

The third meeting of the Gulf Coast Pageant Committee of the Coast Council of Garden Clubs, Mrs. Charles McDisar, chairman, was held at Hotel Markham, Gulfport, Friday morning and dates for this Coast pageant set for March 17, 18, and 19, during Spring Garden Week. This Council of Garden Clubs is made up from representatives of all federated garden clubs of the Coast, and the spring pageant is to complement the spring garden festivals which have been held in Natchez for several years and for three or four years in New Orleans. A full page summary of the Gulf Coast pageant is to be included in 6000 folders, which are to be sent out by the Natchez group.

Various organizations in each of the Coast towns are cooperating and a series of historic and spectacular events are tentatively planned.

Among them, the landing of d'Iberville in 1699; Coronation of Winnie Davis in Biloxi; and "At Home" in Beauvoir; military dress parade at G. C. M. A.; a modernistic water pageant at Gulfport; entertainment at Gulf Park College; oyster bake in Long Beach; old homes and gardens open to visitors; sea food dinners; plantation meals; Lafayette and his men, pirates all, serving coffee in original dug-out and many other interesting features, and points of interest are to be marked with a Black Skimmer.

Working through this pageant committee every community on the Gulf Coast is planning some distinctive entertainment; there will probably be changes, but the tentative program will include above features.

KINGS' DAUGHTERS AND SONS CONVENTION HELD AT JACKSON

Mrs. B. J. Tonnar Is New President for Year—Bay Represented.

The annual convention of the Mississippi State Branch of the Kings' Daughters and Sons was held at Jackson, Miss., October 19-21.

Mrs. B. J. Tonnar of Grace, Miss., was elected the new president; Mrs. Earl Brewer, Jackson, vice-president; Mrs. T. C. Hannah, Hattiesburg, secretary and Mrs. M. Still of Clarksdale, treasurer.

"The convention was a wonderful one from all angles," said Mrs. A. F. Fournier, local president, who was in attendance, representing Bay St. Louis branch.

A reception was held at the Hotel Heidelberg Roof Garden, in the form of a luncheon. Another reception was given at the Governor's Mansion, with the Governor and Mrs. White as host and hostess. Mrs. Fournier was in the receiving line for this occasion.

Fournier was in the receiving line the Robert E. Lee Hotel, where Mr. Joe Q. Ellis acted as toastmaster.

Re-Elect Read As Manager of Tivoli Hotel for Five Years

Walter Read, who has been on the Mississippi Coast 20 years and has been manager for Hotel Tivoli for the past year, was re-appointed for another five-year period at the annual meeting of the board of directors of the hotel held in Biloxi Monday. Reports submitted by Mr. Read indicated that the hotel has enjoyed a satisfactory business during the last year and expected an increase the coming winter season. Mr. Read said that there will be no material changes in the operation of the Tivoli for the present. During the time he has resided on the Mississippi Coast Mr. Read has been connected with the Great Southern Hotel in Gulfport for some, coming to Biloxi from the Miramar Hotel in Pass Christian.

Bay-Waveland Garden Club To Hold Meeting, Nov. 8th, Hotel Reed

RECREATION PROJECT HALLOWE'EN PARADE HELD MONDAY EVE.

Prizes Awarded For Best Costumes by Scharff's Grocery Store.

Hallowe'en was elaborately celebrated on the City Playground on Monday —The children participating were the honor of first prize for awarded prizes for the best costumes, a beautiful doll, went to little Patricia Ann Favre who impersonated the great Skate-Dancer, Sonja Henie. A fine wagon, the first prize for boys went to Master D. H. January, he impersonated the fisherman. These children carried out their parts to perfection and deserve the applause and prizes that they received.

We wish to take this method of extending our deep appreciation to Mr. Scharff, who so kindly gave the prizes to these children. Mr. Scharff has always been willing at all times to aid others and his gifts to the children will be long remembered.

The Recreation Director, Miss Louise Armstrong, also wishes to extend personal thanks to Mr. George di Benedetto who was so kind to furnish music through the loud speaker. This shows that we have good friends when we can call on them at the last moment for assistance. He assisted materially in making our program a success.

Judges for the occasion were Mrs. Kate Conner, Mrs. Leo Koerner and Mr. John Howze.

The winners were as follows: First prize for girls, Sonja Henie, Patricia Ann Favre.

Plans For Big New Pier Warehouse Are Nearing Completion

Plans and specifications for the new warehouse to be built on west pier, west of the present large warehouse in Gulfport, Miss., and for which a loan of \$300,000 has been authorized by the Reconstruction Finance Corporation, are now about complete and as soon as technical details can be arranged with the government, bids will be asked for.

The plans include the construction of five sections of a warehouse similar to those already in use at the present warehouse, with probable extensive improvements on the municipal pier for the accommodation of coastwise traffic and industries associated with the seafood business.

WORK ON CITY GRAVELED STREETS DELAYED

Reports are to the effect that the unpaved streets of the city are in bad condition at present, but Mayor G. Y. Blaize, in a statement to The Echo, this week, advises this was due to the fact that the city's road-working machinery was broken down and that relief would be forthcoming as soon as same could be repaired.

The Mayor and Commissioners only ask the public to be patient for the time being and that these streets will be put in first class condition as soon as humanly possible, as they are doing everything in their power to correct this evil.

The City officials are ever alert and willing at all times to serve and satisfy their public.

TIMBER IS MONEY IN BANK.

J. B. BISHOP, business manager of the Mississippi Forestry Commission says: "Every person should constitute himself a committee of one to discourage wood fires. Everybody loses when the woods burn. It makes no difference who owns the woods. Conversely, every one is benefitted by protecting the woods from fires. Fire is a destroyer, an outlaw if you please. If a house burns, it's news. If a thousand acres of woodlands burn, it is passed off with a shrug notwithstanding a hundred potential houses have gone up in smoke. We owe it to our children to stop destroying the blessing that Nature is striving to bestow upon us. Timber in the woods is money in the bank. It is the height of folly to permit longer the thoughtless to destroy our timber and wild life, our water and our land."

PROTEST SUNDAY DANCE MUSIC.

TWO weeks ago the British Broadcasting Corporation included twenty minutes of dance music on a Sunday morning's program. Immediately the Lord's Day Observance Society protested "with every nerve and fiber of our religious convictions." The Secretary called the music as "indecent and deplorable desecration of the Sabbath."

In the United States, it is not uncommon for broadcasting stations to send out dance music on Sunday. So far as we have been able to observe, the protests have been very few. The music may be exactly what some people prefer on Sunday, but so long as it can be discontinued by the turn of a dial, it will not desecrate the Sabbath for anybody who does not wish to hear it.

BAY HIGH BAND

FOOTBALL fans were entertained Saturday night between the halves of the Bay High-Magee football game by a brand new organized 60-piece band of Bay High School, under the direction of Mr. Morgan.

This band has been organized for only seven weeks and is making rapid progress. The band is preparing to participate in the State Band Contest at Jackson to be held in June, as Class D in the beginners or first year band class.

The acquisition of this band means much to the local school as well as to the community in general. Its members should be encouraged. This band and the St. Stanislaus College band will be a great help to this community in the way of furnishing music for special occasions and concerts for the entertainment of our people.

TO USE WASTE MATERIALS.

A New industry will commence operation in Mississippi next week at Biloxi. The fact of a new industry starting operations is not unusual in our state, but the kind of materials that will be used is unusual, in that the new factory is a fertilizer and feed manufactory, and will utilize shrimp hulls and fish that are not fit for human consumption into the fertilizer and feed for animals by a dehydrating process. What has hitherto been considered as refuse from canning plants on the coast, will now be manufactured into something useful, and bring in cash to the manufacturers.

THE WORLD'S BEST MILK.

A HEALTH specialist recently pointed out that the United States, on the whole, has the best and purest milk supply in the world. A considerable part of the credit for this immensely important achievement must be given to the large dairy marketing cooperatives of America. Part of their work has been to show farmers how to improve both the health and productivity of their herds—and how to handle milk in the safest possible manner. These lessons have been widely followed, and our pure milk supply is the result.

NO OXYGEN MEANS DEATH.

IT might be worth calling attention to the fate of a man and his wife and their three daughters, recently found dead in their home in New Jersey, asphyxiated from lack of oxygen.

With the coming of cold weather their fate may serve as a warning to everyone to be careful. Oxygen is necessary to life and if gas or electric heaters are burned in closely confined rooms, care should be taken to see that fresh air is available.

Advertisers who get ahead of the business boom will stay ahead of their field.

The United States, being isolated, is finding that it needs a larger navy, a bigger army and a larger air corps.

TELEVISION IN 1939.

AN experimental television service will probably be inaugurated in the spring and around New York. Both the National Broadcasting Company and the Columbia Broadcasting System plan to begin operating a television transmitter which will serve an area having a radius of approximately fifty miles.

While details are not available, manufacturers are beginning to consider specifications of instruments to be sold to the public. The probability is that television pictures will be measured by inches at first and that the service will gradually improve as the experiment continues. Meantime, the average citizen may expect to buy instruments that will receive sight and sound, but before there will be any great demand for sight-receiving instruments, there must be widespread broadcasting of television subjects. Inasmuch as the telecasts are on ultra-short waves, which generally travel as a dependable service only as far as horizon, it will take a large number of television transmitting stations to cover the United States. That such service will be found in the larger cities and the probability is that it will be confined to congested areas for some years at least.

STATE WINS \$400,000 SUIT.

\$400,000 is a lot of money even to the State of Mississippi. Attorney General Greek L. Rice has just brought to a successful conclusion the case of the State of Mississippi versus Mrs. Grace Jones Stewart and others. In this case the state sought to collect approximately \$400,000 for gravel and sand removed from a bayou in Harrison county. The supreme court held that it is "generally recognized that the taking of ore, sand and gravel and other materials from the bed of a stream by individuals and corporations for commercial purposes is incompatible with the absolute title of the state therein as trustee for the public."

This case was first started by J. B. Gully, State Tax Collector, but the courts ruled that he lacked jurisdiction, so the case was brought in the name of the State by the Attorney General, and the verdict was rendered by the State Supreme Court in favor of the state.

PROTECT TELEPHONE LINES.

HON. Si Corley, Director of the Mississippi Game and Fish Commission, requests cooperation of the hunters of Mississippi for protection of the telephone lines of the state. For the twelve months period ending August 1, 1938, the telephone company reported 379 "breaks" in Mississippi circuits from careless shots through telephone lines. By firing thru telephone lines you may interrupt radio communication, important long distance messages, or telegraph communications. Mississippi is also criss-crossed with electric power lines, and shots fired by hunters often disrupt the lighting of cities and towns, and shut-down industries using electricity for power. Director Corley states that hunters can be of great help in the state by being careful about aiming in the general direction of telephone and electric power lines.

A SUBSTITUTE FOR SILK.

THE Japanese may lose their huge markets for raw silk in the United States, if two plants, to be erected in this country for the production of an entirely new synthetic yarn, meet the expectations of experts.

Synthetic yarns and fabrics have been used in this country for some years, but little progress has been made in the hosiery field. This remained almost exclusively an outlet for Japanese silk, but the new plants are designed primarily to provide synthetic fibers for hosiery. Inasmuch as Japan provides about ninety per cent of our \$100,000,000 worth of raw silk imported annually, it is obvious that the Japanese will suffer the heaviest loss if some synthetic yarn is developed to make hosiery that will be satisfactory to American women. However, officials of the two companies declare that the new yarn will not be ready for about a year.

FIND EXPLORER'S DIARY.

DISCOVERED by a Soviet scientific party, the diary left by Lieutenant-Commander George Washington DeLong on Henrietta Island in the Arctic Circle fifty-seven years ago is now in Moscow.

The diary of the American explorer was in a copper cylinder where it had been placed by Lieutenant Melville before he continued to Siberia, where he was rescued by natives. DeLong and most of his party perished.

The cylinder was found by accident by a biologist of the Soviet expedition. It was in a cleft in a rock 250 feet above the sea. Near by was a flagstaff without trace of any flag and three empty shotgun shells. Soviet experts will attempt to decipher the diary, which has been damaged by water.

THE BACON-SHAKESPEARE IDEA.

THE tomb of Edmund Spencer, in the Poets' Corner of Westminster Abbey, is being explored in the hope of discovering some writings of William Shakespeare.

It seems that many poets placed hand-written elegies in the grave of Spencer, who died in 1699. If one can be discovered with the name of Shakespeare, the writing will be compared with the known specimens of Sir Francis Bacon in an effort to settle once and for all whether Bacon was Shakespeare.

WILL SEEK WINTER TOURISTS.

DIRECTOR Ed Lipscomb, of the Mississippi Advertising Commission, and members of the headquarters office are at present gathering photographs and feature material which will be run in newspapers and magazines in a winter resort campaign. A meeting of the commission was held on October 31 to discuss the proposed advertising campaign, which is scheduled to begin in December and will be carried in approximately 30 metropolitan newspapers of the mid-West and East, and 49 magazines devoted to tourist travel.

TAX DOGBING.

(Jackson Daily News)
THE State Tax Commission has ordered the Copiah county board of Supervisors to revise the assessment rolls for 1938 as follows:

1. Machinery, tools, implements, and equipment—20 per cent increase.
2. Cultivable land (excluding improvements)—10 per cent increase.
3. Uncultivable land value (excluding improvements)—5 per cent.
4. Real Estate in cities, towns and villages, urban—5 per cent.
5. Buildings and improvements on urban land—5 per cent.

Similar orders have been sent to boards of supervisors in an overwhelming majority of the counties of the state.

Almost without exceptions rolls were sent in this year carrying reductions that did not meet with the approval of the commission.

And this in face of the fact that the legislature at its mid-summer special session granted homestead exemptions.

LOOKING AT THE MOON

PERHAPS the most striking innovation in the new automobiles is the movable lid on top, provided on some models and called a "sunshine roof." It slides back like a hatch on the deck of a boat, leaving the top of the car, over the front seat, open to the sun and air.

This ought to satisfy the sun cultists and fresh air fiends. It can be opened to any extent desired, and is said to be easily controlled. With the windows below closed, it may be comfortable even in cold weather. Some motorists have been demanding such a device for many years.

It may be, however, that the country has gone romantic. The automobile makers, realizing this, are fixing it so that the public can ride and romance at the same time. That moon is doing things to America.

INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

LEW FIELDS of the old Weber-Fields vaudeville team, is to have a part in "The Castles," in which Fred Astaire and Ginger Rogers are to co-star.

Paramount is planning an all-star feature based on the present interest in war. It will be called "Invasion," and practically every star in the studio will be included in the cast.

Mary Pickford has presented an old film of hers, "The New York Hat," to the archives of the United States.

It is rumored that the screen rights to "Rio Rita" have been purchased for \$50,000 by Metro, who will use it as a starring vehicle for Jeanette MacDonald and Nelson Eddy. It was made in 1930, with John Boles and Bebe Daniels as the leads.

Another remake will be that of "The Gorilla." It was made in 1930 with Walter Pidgeon, Lila Lee and Joe Frisco. The new version will star the Ritz Brothers.

"A Briton at Yale," starring Richard Greene is practically "A Yank at Oxford" in reverse.

The Hays office denied the purity seal to the film "Zaza" because of some of the dialogue and the can-can dance sequence. Because of this the picture will be delayed two weeks while substitute scenes are being shot.

"Peter Pan" which was made in 1925 with Betty Bronson, is to be screened again, this time as a Walt Disney feature.

Flora Robson and Lawrence Oliver will leave London in a few days to join the "Withering Heights" cast. Miss Robson was seen by Americans in "Fins Over England" and she is scheduled to play the role of Nellie in this coming production. Oliver will be cast opposite Merle Oberon as Heathcliff.

Fernand Gravet will not return to Metro because of a dispute over starring billing which he demanded on every picture. He has just finished "The Great Waltz."

Among recent Hollywood visitors to New York were John Boles, Roland Young, Ann Miller and Patsy Kelly.

Jack Carson who played the interne in "Carefree" will have the second male lead in "The Castles."

Joan Crawford who has been studying voice for the past two years will make her debut as a singing star in "The Great Waltz." In two other pictures she sang one song but in this coming film she is cast as a singer.

Mr. and Mrs. Bob Burns are spending a thirty two day trip in Europe. He plans to return to Hollywood on November the twenty-second, which will be the day before his picture "I'm From Missouri" is scheduled to go into production.

"Snow White" has already taken in 6,000,000 francs during six weeks at a theater in Paris and is still playing to crowds.

In a scene of "The Last Ride," the director accused Leif Erickson and his wife, Frances Farmer, of not knowing how to kiss. Leif said he should know as he had been married three years. The director replied that he had been directing twenty-five years and thereupon showed Mr. Erickson how he should kiss his wife.

Anna Mae Wong almost had writer's cramp the other day after autographing about 5,000 photographs for her fans at the Moon Festival which celebrated the founding of the Chinese Republic.

It's Now Possible To Build—To Renovate—Your Home...

The hardship of lack of money and the more serious ordeal of paying back a loan are elements of discouragement and prevention that exist no longer.

Through an FHA (Federal Housing Association) loan, which we will get for you through the facilities of our bank, every advantage of such loan on easy and long-time payments.

Build a new house, repair or renovate a mold one; paint or otherwise improve your home, is no longer a seeming impossibility. Let our Bank help you. The government will do it. And we will help you. Let us explain.

NOTICE OF FORECLOSURE.

STATE OF MISSISSIPPI, COUNTY OF HANCOCK.

Under, and by virtue of the terms of that certain trust deed made and executed by David T. Lewis and Helene Lewis, his wife, in favor of Allen Y. Harvey, and Jessie M. Harvey, his wife, on September 21, 1935, recorded in Vol. 30, page 148 of the Record of Mortgages and Deeds of Trust on land in Hancock County, Mississippi; and also by virtue of the power vested in me in that certain instrument dated September 26, 1938, appointing me as substitute trustee in place of the said Edward J. Jones, Jr., named in the original trust deed hereinbefore referred to, which said document is recorded in Book 33 pages 127-128 of the records of the said Hancock County, Mississippi, and whereas the said Mrs. Jessie M. Harvey, who is the holder and owners of the notes evidencing the indebtedness in the said trust deed has notified the undersigned that the said David T. Lewis, and Helene Lewis, his wife, have made default in payment of the said indebtedness for which said trust deed was given, and they also made default in payment of taxes and insurance upon property described in the said trust deed, and has called upon the undersigned, as substitute trustee to proceed to foreclose said trust deed, and to sell said property at public auction, at the North Front Door of the County Court House at Bay St. Louis, Mississippi, as provided by law, and said trust deed, therefore I, the undersigned, in pursuance thereof, will offer for sale and sell to the highest bidder for cash November 7, 1938, within legal hours, the following described property in the City of Bay St. Louis, Hancock County, Mississippi, to-wit:

The west-ninety (90) feet of lot 130 of the Fourth Ward of said city in accordance with a map of the said city and Ward made by E. S. Drake, C. E., and filed in the office of the Chancery Clerk of Hancock County, Mississippi on May 1st, 1923. Said lot is bounded on the north by lot 125 on the east by the 50 foot tract now or formerly owned by George Realty Co., Inc. on the south by St. Charles Street, and on the west by Caron Lane.

The above property being situated in the town of Bay St. Louis, Mississippi, being the identical property described in said trust deed.

I will offer for sale and sell the said property on the said date in order to realize the balance due upon the said indebtedness and will convey such title at said sale as is vested in me as such substitute trustee.

Witness my signature this 13th day of October, 1938.

ONE MILE FROM HEAVEN TO BE AT GULF THEATER 6-7.

The strangest case that ever rocked a hall of justice, the most humap story of the year—these phrases apply to "One Mile From Heaven," Twentieth Century-Fox picture, at the Gulf Theater, Sunday and Monday.

Claire Trevor, Sally Blane, Douglas Fowley, Fredi Washington, and Bill Robinson are the featured players in a story that literally blasts open the front pages of a nation. Lou Breslow and John Patrick were responsible for the unusually fine screen play based upon the stories of Judge Ben B. Lindsey, Robin Harris and Alfred Golden. Sol M. Wurtzel, executive producer, was in charge of production.

"One Mile From Heaven," tells the human, exciting story of two mothers fighting desperately for the same child. Dramatically it presents the question of who has the greater right—the one who brought the little girl into the world, but thought her dead in a fateful car crash, and who, after several years, found her hopes renewed—or the one who nursed the child back to health, nurtured and guarded her, and came to love her as her own.

In this entangling situation is a girl reporter, assigned to track down the biggest news scoop of the year, yet to do so would blast the lives of three innocent people. The climax leaves one breathless.

Claire Trevor is the reporter, with Sally Blane and Fredi Washington the mothers fighting for the same child. Douglas Fowley injects the villainy with his consistent portrayal of the ex-convict extortionist. Skillfully directed by Allan Dwan, "One Mile From Heaven" is human, vibrant, dramatic and thoroughly entertaining.

Senator Bilbo's Brother Dies at Tylertown Home

J. Monroe Bilbo, brother of U. S. Senator Theodore G. Bilbo, died late Monday night at the family home at Tylertown, Miss., after an extended illness.

Mr. Bilbo had been a resident of Tylertown for many years. He was a retired lumberman.

Besides his widow he is survived by two sons, Ezra Bilbo, postmaster at Magnolia; J. M. Bilbo, Jr., Tylertown; one daughter, Miss Alma Bilbo, Tylertown; two brothers, Senator Bilbo and John Bilbo, Poplarville.

CHADDY'S CHATS FROM HOLLYWOOD

KATHERINE ALEXANDER, who scored heavily in a supporting role in "Stage Door" wins the feminine lead opposite John Barrymore in the RKO picture, "The Great Man Votes." Peter Holden, the boy-stage star, has an important role in the picture.

Reginald Gardiner, who is a painter as well as an actor, is doing a lifetime portrait of Hedy Lamarr, MGM player, in oils. He expects to have the portrait completed within a month. John Payne plans to spend a part of his income modernizing his historic Shenandoah Valley estates that once belonged to his pioneer forbears.

Known as one of the great dramatic stars of the European stage, Rose Stradner has been placed under long term contract by Columbia studios. Born in Vienna, a protégé of Max Reinhardt, and having played in more than fifty world famous dramas, Miss Stradner is a reigning favorite on the continent. She is not entirely unknown to American audiences, however, having appeared as the feminine lead opposite Edward G. Robinson in "The Last Gangster." At present in New York, Miss Stradner is due in Hollywood within the next fortnight. Meanwhile, Columbia officials are making plans for her next picture.

A diamond tiara valued at \$10,000 is worn by Lucille Ball in RKO's "Annabel Takes a Tour." Rented from an exclusive Hollywood jeweler, it was brought to the studio by a bonded employee of the firm to be worn in only one scene. The studio had to carry full insurance on the tiara and also pay the salary of the bonded guard to whose care it was committed.

Smart fashions advocated by the stars: Bette Davis, who scorns conventional monograms, has imitation match sticks forming her initials on her newest sports bag. Rosella Towne suspends an acorn from a twing-pin effect as a lapel gadget—the contraption contains a needle and tiny spool of thread, "just in case."

With her chunky jacket of handsome blue fox, Margaret Lindsey wears sheer deep blue hose to match. The form-fitting flying costume Kay Francis wears in "Women in the Wind," may set a new style. It's half-zipped pullover jacket of soft suede lined with mink. Gale Page, who changes her nail polish daily to match different ensembles, carries purple accessories and wears blending purple polish with a grey crepe of afternoon frock. Accessories must be smart this season. Does anyone know a teacher who'll undertake to teach them?

"MY LUCKY STAR" BRINGS SONJA HENIE, RICHARD GREENE TO A. & G. THEATER.

When such a personality as Sonja Henie achieves overnight stardom with one picture—as she did less than two years ago with "One in a Million"—the temptation is strong on the part of Hollywood's movie makers to be satisfied with merely repeating the picture formula which won such sensational acclaim. This probably would have worked out all right in Sonja's case—except for Sonja herself.

Far from being satisfied with that first, brilliant success, the miracle skating star set about to surpass it in every way and did—with "Thin Ice" and "Happy Landings." And so it is easy to understand the wildly enthusiastic advance reports concerning Sonja's newest 20th Century-Fox triumph, "My Lucky Star," which opens at the A. & G. Theater Sunday.

For one thing, "My Lucky Star" presents Sonja in an entirely new setting, far removed from Switzerland's Alpine peaks and Norway's remote peasant villages.

A radiant modern girl, having a modern good-time on a co-ed campus, wearing swank clothes, having swell dates—that's Sonja as you'll see her now, against a background as American as a college yell.

Sharing star honors with her is Richard Greene, handsome young British actor who gave such a splendid account of himself in "Four Men and a Prayer," while Joan Davis, Cesar Romero and Buddy Ebsen promise much in the way of comedy in their featured roles.

The story, according to Director Roy Del Ruth, opens with Sonja appearing as a student at Plymouth College, where she is to model the smart sports clothes of Romero's (or rather, his father's) Fifth Avenue store. In the school's annual ice carnival Sonja is so sensational that a picture magazine publishes her photograph on its cover. Romero's alimony-minded wife uses this to create a newspaper scandal between her husband and Sonja, forcing Sonja's resignation from school.

To clear her own name so that she will be free to continue her romance with Richard, and to help Romero raise the money to settle with his wife, Sonja agrees to stage her ice carnival in the Fifth Avenue store. It is here that Sonja performs her magnificent "Alice in Wonderland" ice ballet, one of the big skating ensembles in the picture and a thing which has made audiences cry out in wonder and delight.

Member Of REA'S Utilization Staff To Deliver Radio Address

The varied and often profitable uses to which thousands of farm people are putting their newly acquired electric service will be discussed by Percy W. Smith, a representative of the Rural Electrification Administration, in a radio talk from Station WSLI at Jackson, Mississippi, on Monday, October 31, 1938, at 5:45 P. M. Mr. Smith is a member of REA's utilization staff, and has arranged and conducted demonstration meetings attended by thousands of Mississippi people.

The broadcast will be a part of the series, "The United States Government Reports," presented under auspices of the National Emergency Council.

Mr. Smith will tell where the State of Mississippi stands in rural electrification and how several hundred groups of farmers in Mississippi and the Nation are using REA funds to serve themselves with electricity at cost.

VOCATIONAL COURSE IS REORGANIZED AT BAY HIGH SCHOOL

Miss Campbell Coordinator Of Diversified Work

The Diversified Occupations Program adopted last year and set up under the direction of Supt. S. J. Ingram and Miss Ruth Campbell has been reestablished this year under the supervision of Miss Campbell, Co-ordinator.

"The Diversified Occupations Program, which was established in co-operation with the State Vocational Board is one of the most important advances in education in Mississippi. The main purpose of this program is to help students who are unable to go to college by training them and to help them to find their life work," stated Miss Campbell in a personal interview last week. "Getting experience like this in high school also enables students to help pay their college expenses and to choose the field in which they intend to specialize," continued Miss Campbell enthusiastically.

Requirements for Enrollment
To enroll in this course a student must be sixteen years of age or older, a Junior or Senior in high school with an adequate moral, physical, and scholastic background.

In high school the student is required to spend two forty-five minute periods each day with the Co-ordinator who gives technical and related subject matter directly applicable to each student's particular job. In addition to this the student is permitted to carry two regular subjects. During the latter half of the day the student spends three or more hours on the job receiving actual experience and training usually with pay. Two regular high school credits are given for this vocational work as well as the regular high school credits, thus enabling the student to earn his four yearly credits. The Diversified Occupations Program enables a student to graduate from high school with two years of valuable training and experience in order to secure permanent employment.

Thirteen Do Vocational Work
This year there are thirteen students doing vocational work under Miss Campbell. Each student is working fifteen hours per week or more on his job and receiving pay.

NOTICE

Whereas, by previous order of this Board, F. P. Joseph was employed as consulting engineer of the City of Bay St. Louis to prepare a survey to determine the possibility of securing for the said City of Bay Saint Louis a natural gas transmission and distribution system; and

Whereas, the said F. P. Joseph has prepared the survey showing the cost of the said transmission and distribution system, which is on file in the office of the Clerk of the City of Bay Saint Louis; and

Whereas, as shown by the said survey the cost of the said natural gas transmission and distribution system amounts to the sum of \$200,000 all as shown by said survey on file; and Whereas, it is now the opinion of this Board that an election should be called to allow the qualified electors of the City of Bay Saint Louis an opportunity to vote on the question as to whether or not the said City of Bay Saint Louis shall issue revenue bonds in the amount of \$200,000 or so much thereof as may be necessary for the construction of said natural gas transmission, and distribution system; the principal of and the interest upon said bonds shall be paid solely from the revenues derived from the operation of the said natural gas transmission and distribution system constructed with the proceeds of the sale of said bonds.

Now, Therefore be it hereby Resolved and Ordered, that a Special Election shall be and is hereby ordered to be called and caused to be held in the City Hall of said City on Saturday the 12th day of November, 1938, within legal hours, to allow the qualified electors of the City of Bay Saint Louis an opportunity to vote on the question as to whether or not the City of Bay Saint Louis shall issue revenue bonds of said City in the amount of \$200,000, or so much thereof as may be necessary for the construction of a natural gas transmission and distribution system. Said bonds shall bear a rate of interest not to exceed six per centum (6 per cent) per annum and the principal of and the interest upon said bonds shall be paid solely from the revenues derived from the operation of the said natural gas transmission, and distribution system constructed with the proceeds of the sale of said bonds.

Be it Further Resolved and Ordered, that the call for said Special Election shall be substantially in the following form, to-wit:

NOTICE TO THE PUBLIC AND QUALIFIED ELECTORS OF THE CITY OF BAY SAINT LOUIS, MISSISSIPPI.

Notice is hereby given that a special Election is called to be held in the City Hall of the said City of Bay Saint Louis, Mississippi, on Saturday the 12th day of November, A. D. 1938, within legal hours, to allow the qualified electors of said City of Bay Saint Louis, an opportunity to vote on the question as to whether or not the City of Bay Saint Louis shall issue revenue bonds of said City in the amount of \$200,000 or so much thereof as may be necessary for the construction of a natural gas transmission and distribution system. Said bonds shall bear a rate of interest not to exceed six per centum (6 per cent) per annum, and the principal of and the interest upon said bonds shall be paid solely from the revenues derived from the operation of said natural gas transmission and distribution system constructed with the proceeds of the sale of said bonds.

The foregoing resolution having been first reduced to writing, as presented by Commissioner W. L. Bourgeois and on his motion, duly seconded, was read and considered section by section and then as a whole and finally passed and adopted section by section and then as a whole by the following vote, to-wit:

Those voting yea: G. Y. Blaize, Mayor; W. L. Bourgeois, Commissioner of Finance and H. Grady Perkins, Commissioner of Public Utilities.

Those voting nay: None.

NOTICE TO THE PUBLIC AND QUALIFIED ELECTORS OF THE CITY OF BAY SAINT LOUIS, MISSISSIPPI.

Notice is hereby given that a Special Election is called to be held in the City Hall of the said City of Bay Saint Louis, Mississippi, on Saturday the 12th day of November, 1938, within legal hours, to allow the qualified electors of said City of Bay Saint Louis, an opportunity to vote on the question as to whether or not the City of Bay Saint Louis shall issue revenue bonds of said City in the amount of \$200,000 or so much thereof as may be necessary for the construction of a natural gas transmission and distribution system. Said bonds shall bear a rate of interest not to exceed six per centum (6 per cent) per annum, and the principal of and the interest upon said bonds shall be paid solely from the revenues derived from the operation of said natural gas transmission and distribution system constructed with the proceeds of the sale of said bonds.

Property Worth Owning Is Worth Preserving.....

THE VALUE of a building whether it be dwelling or store house depends on its condition. This may best be kept to the high point by repairing when such attention is needed and keeping the surface painted. Frequent painting not only sustains value but prevents decay and deterioration.

Paint is the cheapest and most efficient form and lasting element for preserving the surface. Let us give you an estimate on the cost of paint required. We will suggest colors, quality and give all information desired about painting and tell you the kind to use. Our service is free.

Will Observe November 6 Thru 12 As American Education Week

The week of November 6-12 has been designated as American Education Week and will mark the 18th annual observance of this occasion. American Educational Week is sponsored by the National Education Association in cooperation with the United States Office of Education and the American Legion.

The general theme of this year's program is "Education for Tomorrow's America." The following topics have been suggested by the committee for each day's observance.

Sunday, November 6—Achieving the Golden Rule.

Monday, November 7—Developing Strong Bodies and Able Minds.

Tuesday, November 8—Mastering Skills and Knowledge.

Wednesday, November 9—Attaining Values and Standards.

Thursday, November 10—Accepting New Civic Responsibilities.

Friday, November 11—Holding Fast to Our Ideals of Freedom.

Saturday, November 12—Gaining Security for All.

American Education Week is observed throughout the Nation, as something more than an occasion when schools seek the limelight of publicity. It has the deeper purpose of reemphasizing the vital relationship of education to democracy.

If our democratic government continues to serve the purpose the founders of our Nation had in mind, we must stress the importance of educating the youth of today for the duties and responsibilities of leadership and citizenship for the America of tomorrow.

We wish to emphasize the importance of all schools of the state observing American Education Week in the true spirit which prompted its beginning. Special emphasis should be placed on the importance of the reeducation of the schools to the service of democracy and training citizens for the future.

We hope you will begin your plans now and invite all the citizens of your community to visit your school and participate in the programs of the week.

CORRECTING FALSE RUMORS.

Since the night of Halloween, October 31st, a rumor has spread around that Girl Scouts were responsible for some of the real damage done to cars and homes in the vicinity of Carroll avenue and the beach—a group of girls were seen in that neighborhood, some of them scouts, and then the rumor started, and spread, until that the Girl Scout Troop as a whole was responsible.

This is a very unfair view, since a number of the girls were at a private dance and many more were sitting quietly at home and there was no organized party of girl scouts on the streets. Several groups of girls were out together, some of them scouts, but after a thorough investigation we find that no girl scout did any real damage, just the usual harmless pranks of Halloween, such as writing with soap, and moving signs. Troop One has held a clean record of service and cooperation for nearly seven years and we certainly do not want an unkind and unjust accusation to put a blot on that reputation. We are sure that Troop Two, just being registered, will have as fine a record, and we can unhesitatingly recommend any girl who has incorporated the ideals of scouting with her daily living, as being honorable, trustworthy, helpful, courteous and constructive rather than destructive.

BAY HIGH TIGERS DEFEATS MAGEE IN INTERESTING GAME.

Bay High Band Entertains During Half—Tigers Win In Second Half.

The Bay High Tigers came from behind in the second half to hand the Magee High Wildcats a 13-12 defeat on Saturday night, October 29, 1938 at St. Stahlslaus Stadium.

MAGEE SCORES FIRST

The Tigers were put on the defense early in the first quarter when Magee unleashed a passing attack as well as a running attack. Magee advanced to Bay High's 20 yard line but was held and Bay High took the ball over on downs. Bay Hi then punted into Magee territory. Magee then took the ball and through a series of running and passing plays advanced the ball to Bay High's 35 yard line where a pass from Hughes to Ward was good for a touchdown. The try for the extra point was not good.

The first quarter ended soon after Magee's touchdown with neither team scoring further.

In the second quarter Bay High started passing with Whigham doing the tossing. Bay High, through the passing of Whigham and the line smashes by Thomas, advanced the ball to Magee's 8 yard line but lost the ball there on downs. Late in the second quarter Bay High started a drive which began on their own 49 yard line from where they brought the ball up to the 11 yard line in Magee's territory but the scoring threat was stopped there. The half ended soon after.

BAND PERFORMS

The fans were entertained at the half by the newly organized, sixty piece, Bay High Band under the direction of Mr. Morgan.

The band marched onto the field in single file but after reaching the center of the gridiron, branched out into columns. They marched down the field, turned, went over to the Magee side of the field, saluted the Magee fans and returned to the Bay High side. When reaching the home side the band played the Marine's march. After the piece was completed the band marched off the field keeping in step with the beat of the drums. The band played during time outs throughout the entire game.

The third quarter started off with Gordon of Magee kicking off to Bay High. The kick was taken on the 10 yard line by Morreale who advanced it to the 23.

TIGERS SCORE

The Tigers attempted a line play and then Whigham dropped back to pass. Duckworth of Magee rushed the passer and partially blocked the pass and the ball fell into the arms of Benton who raced over the goal for a touchdown. Gordon tried center for the extra point but was stopped.

Magee kicked off to Bay High and the Tigers after trying a few line plays kicked off of bounds on Magee's 40 yard line. On the second play Hughes tossed a pass to Ward which was good for 30 yards and advanced the ball to Bay High's 30. Again Magee tried to pass but this time it was intercepted on the 25 yard line by McDonald and he ran to the 36 before being tackled by two or three Magee men. Thomas and Whigham then proceeded to rip off substantial gains up to Magee's 35 yard line. It was from the 35 where Whigham threw a pass to Osbourne who caught it on the 12 and ran over for a touchdown. The try for extra point was good with Thomas going over center for two yards needed.

WINNING SCORE BY BAY HIGH

In the last quarter neither team was able to advance far into each others' territory until in the last 3 minutes of play Bay High advanced to the Magee 20. From here Whigham threw a pass to Osbourne which was good for 18 yards. On the next play Thomas went over center for a touchdown. Bay High failed to make the extra point.

Fayard and Sick Join In Barber Business

During the week Mr. Henry T. Fayard, Sr., moved his barber shop equipment from Second street to the building occupied by Mr. Conrad Sick, opposite the Postoffice on Main street.

Messrs Sick and Fayard will in future be connected in the barber business and state that they can now offer their patrons quicker and more efficient service. The firm name will remain the same, "Conrad Sick's Barber Shop."

Both gentlemen will be glad to welcome their friends and solicit further patronage.

Fire Destroys Anniston Hotel at Mississippi City

Fire of undetermined origin destroyed the Anniston Hotel at Mississippi City early this week entailing an estimated loss of between \$25,000 and \$30,000.

The hotel belonged to Water Rainey, formerly of Kansas City but now of Gulfport, who was having the building renovated and repainted preparatory to opening for the winter season. A force of workmen had been employed during the past two weeks repainting and repairing the building.

The Anniston Hotel was one of the landmarks of the Mississippi Coast being located on the beach front at Mississippi City.

Girl Scout News.

At the regular Girl Scout meeting on Wednesday, November 2nd, Mrs. L. Dickson made a lovely talk to the scouts. After she had finished speaking she treated the entire troop to ice cream. The girl scouts look forward to another visit in the future and Mrs. Dickson is always welcome.

The girl scouts this week have decorated one of Mauffray's windows for Arts and Craft Day. Mauffray gives the scouts the use of their window every year and the scouts wish to express their thanks for this kindness.

On Friday the scouts will go in a body to see the display of the W. P. A. projects and they will also be addressed by Mr. H. Grady Perkins.

On Sunday they will attend the services at the Methodist church in uniform. During the services the scouts will sing the girl scout hymn and afterwards will attend the class of Mr. Allison.

TEA GIVEN AT HOME OF MRS. EUGENE MOGABGAB ATTENDED BY MANY.

A LARGE number of ladies from Long Beach, Pass Christian, Bay St. Louis and Waveland attended a tea on Friday at the home of Mrs. Eugene Mogabgab. The guests were received by a witch who presented them with an apple containing a fortune which afforded much merriment.

Mrs. Mogabgab was very chic in blue crepe with corsage of white Japonica. Mrs. Alice C. Buckley, who entertained with Mrs. Mogabgab, wore a wine colored velvet with corsage of the same shade.

Autumn decorations were used on the porch and throughout the home with a profusion of yellow daisies in the living-room.

The centerpiece on the tea table was most artistic and original and the soft glow of the candle light on it was most effective.

Mrs. August Rauxet and Mrs. Ben Markette, Jr., poured tea.

Mrs. Rauxet wore a fuchsia gown with a bronze dahlia corsage and Mrs. Markette wore very girlish in black satin with corsage of white Japonica. Misses Odile Rauxet and Elaine Mogabgab were tea girls.

Odile was regal in black velvet with exquisite white dahlia for trimming and Elaine was lovely in taupe velvet and flame dahlia corsage.

Mrs. Ben Markette, Jr., a recent bride, is the niece of the late Dr. Buckley.

ENTERTAIN MANY FRIENDS AT HALLOWEEN PARTY.

Mr. August Rauxet and Miss Odile Rauxet entertained at a delightful Halloween party. Those present were Misses Kathleen and Lorraine Duggan of New Orleans, Muriel Keggosien, Vania Destor, Elaine Mogabgab, Arnette Del Bondio, Messrs. Chas. Wainwright of Newport, L. I., Edward Jarreau of New Orleans, Edward Jones, Ogden and Charles Kergosien, Andrew Becker, Sylvester Beyer, John B. Blaize and Robert L. Camors.

One of the interesting features of the evening's entertainment was ducking for apples out of a fish pond.

HALLOWEEN PARTY AT PALMISANO'S THURSDAY.

A lovely and interesting Halloween party was given last Thursday night by the Peppette Girls Club, which was formed by the W. B. A. Review No. 10 of Bay St. Louis.

Party decorations were in yellow and black. Punch and cake was served between dancing.

Those attending were: Misses Louise Heitzman, Lucille Ploue, Lotie Mae Heitzman, Isabel Carrio, Betty Carrio, Bertha Ploue, Elizabeth Jackson, Elsie Mae Capedepon, Marjorie Heitzman, Bradly Mazerat, Mrs. Henry Capedepon, Mrs. Alphonse Favre. Messrs. Clifford Bourgeois, August Vassalli, Bob Johnson, Jack Jackson, Alton Erwin, Lee Bourgeois, Jerry Bourgeois, Bobby Rud.

The members of the club wish to thank Mr. and Mrs. Palmisano for their cooperation in making the affair such a pleasant success.

LITTLE MISS CELEBRATES THIRD BIRTHDAY.

A happy group of youngsters assembled at the home of Mr. and Mrs. John Damborino, on Thursday, October 27th, in celebration of the third natal anniversary of little Miss Honorine Mary Damborino.

The table around which the little guests gathered was set with the traditional birthday cake in the center, decorated in pink and white and the usual party refreshments of ice cream and individual cake, was served to the joyful group.

In addition there were the many party games and favors for all, truly an occasion these youngsters will not soon forget—so enjoyable did it prove. The little honoree was the recipient of many lovely gifts in honor of the occasion.

Rose Ann More Elected Drum Major For Newly Organized Bay Hi Band

Rose Ann Moore was selected as drum-major from a number of contestants to lead the Bay High Band through its maneuvers at the annual Homecoming Game Saturday night, October 29.

Mr. Morgan, band director, has held a daily class in twirling for the past month in which all members of the band, who were interested, were urged to participate. From this group he chose the drum major and the four assistant twirlers, who are Marion Chapman, Martha Chapman, Annie Ingram, and Amelia Manieri.

The requirements for these positions were that a contestant be in one of the four grades of high school, and that he be a member of the band. The five who were selected filled both requirements and were selected from the standpoint of ability only.

Marion Chapman, a Senior, plays the cornet; Rose Ann Moore, a Sophomore, plays the bells; Annie Ingram, a Senior, will play the symbols; Martha Chapman, a Sophomore, is a promising clarinet player; and Amelia Manieri, a Freshman, plays the French horn. During concerts they will play their respective instruments, but while on parade they will lead the band.

Soviet school teachers are urged to combat religion because of its revival among the children.

THE ECHO'S COOKING CLASS

WITH the coming of the Fall, comes the crimson cranberry; it is a welcome fruit, easy to prepare in a great variety of dishes—from jelly to ice. The delicious flavor of the cranberry seems to be just what we need as an accompaniment to fowl, pork and mutton.

Cranberry Jelly

Look over and wash one quart of firm cranberries. Put them into a saucepan with 2-3 cup of boiling water. Boil until soft and mash through a sieve. To the pulp and juice, add 2 cups sugar; stir together and let come to a boil. Pour into jelly glasses. When ready to serve, turn out a glass of cranberry jelly, cut it crosswise into slices. Then cut each slice into circles using a cutter almost 1 1/4 inches in diameter. Pile the circles one on top of the other and serve.

Cranberry Salad

Dissolve 2 tablespoons of gelatin in cold water. Cook 1 quart of berries in 3 cups of water until soft. Strain the cranberries into the gelatin, stir and let cool. Then add 1/2 cup diced celery salted. Pour into individual ring molds. Set in refrigerator. Seed and cut 2 cups of wine grapes in halves. Chill. At serving time put lettuce on individual plates. Turn a circle of red salad on the lettuce. Fill the center with grapes. Serve with mayonnaise.

Cranberry Cake Dessert

Bake your favorite sponge cake in a shallow pan and cut in rounds or squares 4 inches in diameter. Split these and put together with the following filling: Boil 1 cup of sugar with 1/4 cup water to the thread stage. Then pour the hot syrup over the stiffly beaten whites of 2 eggs and beat until cold. Gradually fold in 1 cup of crushed cranberries. Serve the cake, passing the remainder of the filling to be used as a sauce.

Cranberry Rolypoly

1 large can cranberries
2 tablespoons butter
Pastry

Roll pastry thin, into oblong shape. Mash cranberry sauce, spread evenly on pastry to within an inch of the edges. Dot with butter and roll up like jelly roll, pinching edge and ends firmly together. Bake 20 minutes in a hot oven. Serve with hard sauce which has been thinned slightly with a little heavy cream.

Cranberry Mousse

2 1/2 cups cranberries
1 1/4 cups sugar
1 1/4 cups water
2 teaspoons lemon juice
1 cup cream, whipped

1/4 cup orange juice
Wash and drain cranberries, then cook with water until all berries are broken, about 15 minutes. Press through fine sieve, add sugar and cook 10 minutes longer—this should give 1 1/4 cup puree. Cool, then chill in refrigerator. Whip cream, add orange and lemon juice. Fold in puree and when well blended pour into freezing tray and freeze.

Cranberry Crush

1 pound cranberries
1 3/4 cups sugar
1 large seedless orange

Wash, drain and dry cranberries. Grate rind of orange, then having removed all white, fibre, cut up orange and run through the food chopper with cranberries using medium knife. Add orange rind and sugar. Stir until the sugar is dissolved. Turn into glasses and cover with parafin.

Cranberry Nectar

Place in a saucepan
2 pounds cranberries
3 quarts water
2 pounds sugar

Stir well and heat slowly to the boiling point; then cook for 25 minutes and strain. When cold put in the punch bowl and add 3 bananas cut in thin slices, 1/4 pound of marshmallows cut in tiny bits.

2 quarts crushed ice
Few slices of orange
Stir to blend and serve.

Huge tank traps are set in German fort line; 500,000 men rushing work to finish it by Spring.

MISSISSIPPI DESERVES CONCRETE ROADS

Mississippi Cotton plays an important part in building CONCRETE ROADS

As your car glided over that thrilling stretch of concrete today, the chances are you did not realize that Mississippi Cotton played an important part in the building of that road. But Mississippi Cotton did!

Concrete paving uses a big share of the 20,000,000 pounds of cotton in cotton cloth sacks used annually in the cement industry. Now comes a new, fast-growing use for cotton: More than

1,200,000 sq. yds. of cotton mats were used during the past three years for "curing" freshly placed concrete pavements. Cotton mats have proved ideal for protecting fresh concrete against the summer sun while hardening.

From these figures it is apparent that concrete road construction offers a vast market for cotton. Concrete is being chosen for an ever-growing mileage of roads and streets, in recognition of its superior durability, safety and economy.
